

I am deeply disturbed by the partisan political actions being taken by Sinclair Broadcast group as manifested by their decision to air a program designed to smear Senator Kerry in key battleground states. I believe the FCC has an obligation to intervene in this matter because ultimately the air waves belong to the people of the United States. As a corporate entity, Sinclair is merely entrusted to operate its stations in a manner that is consistent with free speech and in the best interests of the citizens of the United States. In the pursuit of power and profit, Sinclair is willing to abrogate their responsibility to the American public. It is the job of the FCC to see that they are not allowed to shirk their duty as a good corporate citizen by not permitting them to act in this fashion. I ask that the FCC prevent Sinclair from taking this action.
